

### **ATEŞ ATALAY – TOURISM AND HOTEL MANAGEMENT- 2016 ALUMNI**

As a 2016 graduate, confidently following my career path, I can say that I got to know great people during my university life at Yeditepe University. At this open minded institution , I established a list of good friendships. Being a “Yeditepeli” is a privilege.. It is an instution where professors always keep doors wide open for cooperation and assistance both academicly and professionally.

Tourism & Hotel Management Department is a part of the Faculty of Commerce. A department where you have the opportunity to specialize in your field of interest and shape your own life rather than being shaped by somebody else. Here you learn not to be managers but you learn how to be Leaders.

Yeditepe University had profound effects on my life. A training period in the USA and the languages I acquired, among other qualifications, set me on a sound career path . The most important virtue: self confidence is what I acquired at Yeditepe. After experience in the hotel industry, I am continuing my career at an airport, and I am very much satisfied with where I am a this stage in my life

In short Yeditepe is place of its own. But of course everything else depends on the individual, and getting the experience there. As long as you try, work hard, you can get much more in return after your education at this great foundation university: Yeditepe.
