

FIRAT DEDE – TOURISM AND HOTEL MANAGEMENT- 2015 Alumni

As a graduate, with my diploma and my first job in my career, I can say that I am glad I chose Yeditepe University. As a student of this university, I got the opportunity to be an Exchange student within the Erasmus program, where I went to Austria for one semester of my studies, and a training period in the USA. Currently I am employed at the W Doha Hotel in Qatar.

During my 4 years at the Tourism and Hotel Management Department of Yeditepe University, the quality of education we received, the professional experience of our professors they shared with us and their industry contacts made us the choice of the hospitality industry, and gains us the confidence to guarantee us our first jobs.

Being a "Yeditepeli" gave me the international vision and life experience. I strongly recommend this department to prospective students and send my warmest regards from Doha
